WAH!
AAH!

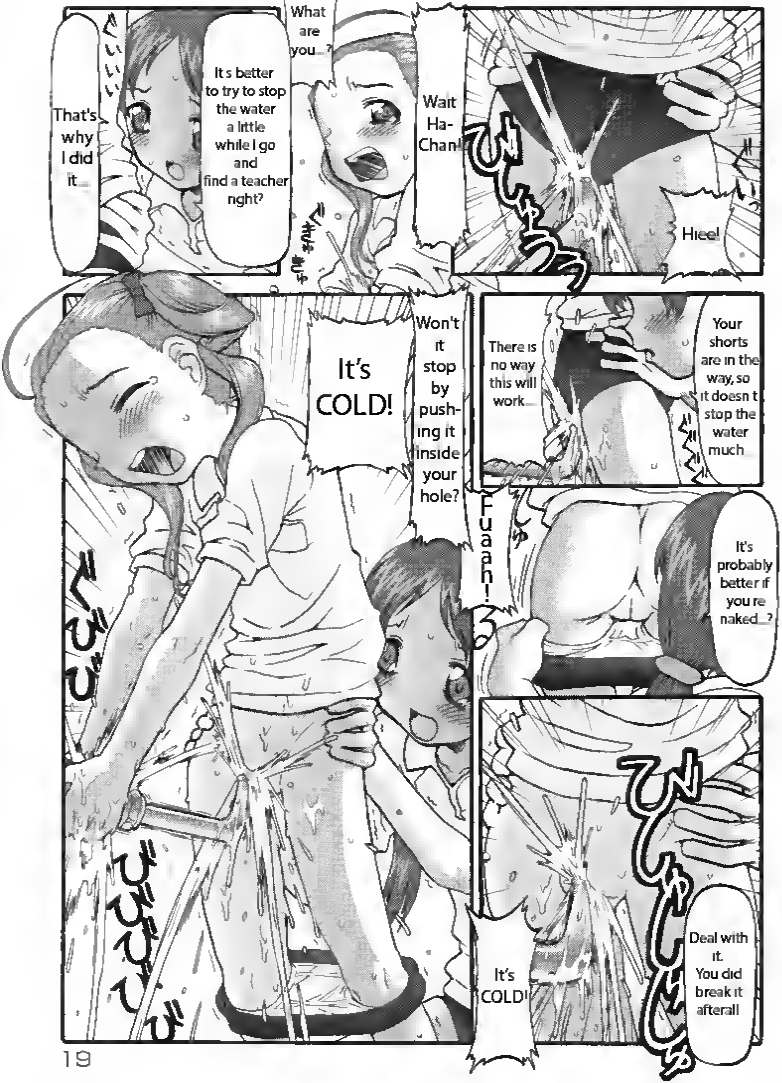
It wont stop!
Ma... Marin -chan did it break?
What-ever, we have to stop the water..
I only turned it to stop the water
.....
Can you stop it?
No..
As an emer-gency meas-ure
F.. For the time being..
Eeh?



That's why I did it...
It's better to try to stop the water a little while I go and find a teacher right?
What are you...?
Wait Ha-Chan!
Hiee!
Your shorts are in the way, so it doesn't stop the water much
There is no way this will work...
It's probably better if you're naked...?
Won't it stop by pushing it inside your hole?
It's COLD!
Fuaah!
Deal with it. You did break it afterall
It's COLD!

Y Yes
Keep pressing down on it!
I'll go call a teacher!
plea-se
It isn't stop-ping...
But it's better than doing nothing And the force of the water has weakened
It. It's embar-rass-ing.
.....
Haa.
What do I do... I wonder if the repair will cost a lot of money...
*a breathing sound
Some-how
Some-how..
Will the teacher get mad?
What should I tell him?

* She says she says (nanka... which in this context is a little hard to translate exact

* More breathing...
I heard some class C girl...
Really?
Haa

The water is getting everywhere...

Aah... then you can't move
That won't do...

Yeah
So you are waiting here...
